

Remarks:

Claim 1 has been amended to include the features of claims 6 and 16, which claims have been cancelled.

The Examiner rejected claim 1 under 35 USC 112 first paragraph stating that the basis of the claimed invention, treating a polyimide via a low temperature crosslinking method, is not set forth in claim 1. The Examiner also rejected claims 1 to 22 under 35 USC 112 second paragraph stating that the low temperature crosslinking has not been claimed in claim 1. Claim 1 is amended to now specify crosslinking at less than 100°C and all of the claims are believed to be in condition for allowance.

No new matter has been added by these amendments.

Respectfully submitted,
